

WE  NBPT

Welcome!

We are so excited to welcome you back. For the past fourteen long months, we have struggled to survive. Because of you, we are still here.

On May 29th, Governor Baker will release all capacity and mask mandates. But we need to be honest and say that we're NOT ready. Current staffing does not allow us to run at full capacity and we ask for your patience if service takes longer than usual. We will continue to stick to our promise to give the best dining experience possible as we adjust to new guidelines while ensuring the safety of our diners and staff.

Cheers to the beginning of a new, happier chapter.
